

Calla collection

MIDJ[®]
INITALY

***Morbidi e delicati, come la corolla
di un fiore, i petali si sovrappongono
delicatamente uno sull'altro.***

***Soft and delicate, like the corolla
of a flower, the petals delicately
overlap each other.***

Calla design Fabrizio Batoni

Interpretando l'idea del designer Fabrizio Batoni abbiamo realizzato una collezione dalle linee morbide e gentili, come la corolla del fiore che le dà il nome. I petali di Calla si sovrappongono delicatamente per accogliere chi si siede, regalando un'avvolgente sensazione di comodità.

Il design coniuga la leggerezza della silhouette con l'originale armonia delle curvature per dare vita ad una collezione essenziale, contemporanea ma al tempo stesso di grande carattere.

Interpreting the idea of the designer Fabrizio Batoni, we created a collection with soft and gentle lines, such as the corolla of the flower that gives it its name. Calla petals gently overlap to accommodate those who sit, by giving an enveloping feeling of comfort. The design combines the lightness of the silhouette with the original harmony of the curves to create an essential collection, contemporary but at the same time with great character.

Uno per tutti

Quando l'amore per un prodotto ben fatto e la cura di ogni dettaglio sono condivisi con il progettista, allora nascono collezioni dal segno distintivo destinate a durare nel tempo. Calla porta l'inconfondibile firma del made in Italy: una collezione semplice ma ricercata che fa della versatilità il suo punto di forza. La scocca, nella versione sedia o poltroncina, incontra sei diverse tipologie di base, in metallo o in legno, entrambe personalizzabili nei colori e nei materiali. Una collezione dal design trasformista che risponde alle diverse esigenze del vivere contemporaneo, dagli spazi di lavoro a quelli destinati alla convivialità fino agli ambienti home living.

One for all

When love for a well-made product and the care to every detail are shared with the designer, then collections with a distinctive mark are created, destined to last over time. Calla bears the unmistakable signature of made in Italy: a simple but refined collection that makes versatility its strong point. The shell, in the chair or armchair version, meets six different types of base, in metal or wood, both customizable in colors and materials. A collection with a transformative design that responds to the different needs of contemporary living, from work spaces to those intended for hospitality or perfectly suited to home living environments.

Il design morbido

Realizzata in polipropilene, la collezione Calla esalta le linee semplici e le rotondità sinuose che caratterizzano il design. La sua anima essenziale e funzionale diventa calda e rassicurante nella versione imbottita: il tessuto può rivestire l'intera scocca o il solo cuscino di seduta, giocando così con colori a contrasto o gradazioni tono su tono che la rendono ora vivace ora raffinata.

Soft design

Made of polypropylene, Calla collection exhales the simple lines and sinuous roundness- that characterize its design. Its essential and functional soul becomes warm and reassuring in the padded version: the fabric can upholster the entire shell or just the seat cushion, thus playing with contrasting colors or tone-on-tone gradations that make it lively and refined.

Sedia - Chair

Comoda, leggera, versatile. La sedia Calla unisce la semplicità del design a dettagli di carattere prestandosi a molteplici situazioni d'uso. Essenziale nei piccoli spazi, sorprendentemente vivace nelle conference room con le sedute linkate dal gancio distanziatore.

Comfortable, lightweight, versatile. The Calla chair combines the simplicity of design with detailed character details and it lends itself to multiple situations of use. Essential in small spaces, surprisingly lively in conference rooms with the seats cleverly linked by the spacing device.

Poltroncina - Armchair

Come un fiore che si schiude, la poltroncina Calla rivela la sua seduta comoda e accogliente. Quando la scocca in plastica e il cuscino in tessuto si fondono in una sinergia delicata, il design diventa più prezioso e il comfort ancora maggiore.

Like a flower that blossoms, the Calla armchair reveals its comfortable and welcoming seat. When the plastic shell and the upholstered cushion come together in a delicate synergy, the design becomes more precious and the comfort even greater.

Sgabello - Stool

Con un design morbido e il particolare schienale alto, lo sgabello Calla traduce il concetto di comfort nei contesti informali. Diverse altezze e due versioni di seduta, con o senza braccioli, definiscono la sua anima versatile che sa allinearsi alla personalità dell'ambiente in cui è inserito.

With a soft design and the peculiar high back, the Calla stool "translates" the concept of comfort in informal applications. Different heights and two seat versions, with or without armrests, it defines its versatile soul that knows how to align with the personality of the environment in which it is inserted.
